#### C.6 TEAM ENTRIES

#### C.7 TEAM RANKINGS

### D. COMPETITION

## D.1 TYPE OF EVENT AND EVENT ADMINISTRATION

The championship shall be a four (4) day event held annually in the last week of March. The championship shall consist of six (6) teams competing in round robin play (2 pools of 3 teams). Each team shall play a total of 2 games with the winner of each pool advancing to the championship final.

All Sport Conference championships shall be completed the Saturday prior to the start of the CIS National Championship.

## D.2 DRAW, POOLS, SEEDINGS, TRIALS AND HEATS

### D.2.1 SEEDING

The pools shall be seeded as follows:

- a. The three (3) Sport Conference champions will be seeded 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> based on their **respective team** national ranking in the final Top Ten of the season.
- b. Pool A will have the #1 seed. Pool B will consist of #2 and #3.
- c. The remaining three qualifying teams will be assigned as per D.2.2.

### D.2.2 POOL STRUCTURE

#### Option A

If there are two teams from each conference in the Championship then geography is used to ensure that no conference is duplicated in a pool. For example:

If AUS is #1, OUA (E) #2 and CWUAA #3 then the pools would be as follows:

<u>Pool A</u>	<u>Pool B</u>
AUS #1	OUA (E)
OUA (W)	CWUAA
CWUAA	AUS #2

Note : In the above example OUA (W) and CWUAA would be placed in their pool by their final CIS ranking.

#### Option B

If there are three teams from one conference then the 3<sup>rd</sup> place team is in Pool A and geography determines the final two placings. For example:

If AUS had three (3) representatives and CWUAA was #1, OUA (E) was #2 and AUS was #3 the pools would be as follows:

<u>Pool A</u>	<u>Pool B</u>
CWUAA	OUA (E)
OUA (W)	AUS #1
AUS #3	AUS #2

### D.2.3 PROCEDURES

- a) The conference call will be scheduled on the Sunday prior to the Championship (as soon as possible upon completion of final top 10) with the Executive of the Coaches Association and the CIS Manager Events & Programs. **Conference representatives must provide emergency contact information and alternative representative contact information.**

- c) Any member institution who releases this information prior to the embargo established by the CIS office will be fined \$500.00.
- d) **There shall be no appeal of decisions regarding seeding.**

### D.3 FORMULA AND FORMAT

### D.4 PROCEDURES AND PROTESTS

### D.5 SCHEDULE OR ORDER OF EVENTS

Each team will be considered the home team for one game and the away team for one game during the two round-robin games. The top seeded team in each pool plays on day one against the lowest seeded team in their respective pool. The higher seeded team on day one shall be the away team for that game. The two winners of round robin games on day one automatically advance to day three. The two losers of round robin games on day one play again on day two against the two teams with a bye on day one. The host team can be scheduled on the evening of Day 1 or Day 2, regardless of their seeding, at the discretion of the Host Committee. All games in a particular pool will be played in the same time slot (i.e. afternoon or evening). The Host Committee will be responsible to assign the time slot for each pool.

In the championship final, the team with the better record in round robin play will be declared the home team. If both teams have identical records then the provisions of D.9 will determine the home team with the exception that a coin toss will be used instead of penalty shots.

### D.6 GAME TIME

### D.7 PRACTICE TIMES / WARM UPS

A defined practice schedule is to be prepared by the Host Organizing Committee in advance of the championship and circulated to all participating teams. The practice schedule is to be developed based on the following:

- a) Each of the six (6) teams will receive an optional one (1) hour of practice time in the championship facility on the day prior to round robin play beginning.
- b) During the three days of round robin competition the two (2) teams having a bye on each day will receive an optional one hour morning practice. Where possible this practice should be held at the competition venue.

- e) The following order of priority will be considered when teams are assigned practice times:
  - i. game times
  - ii. time of arrival in the host city.

## D.8 OVERTIME AND TIME-OUTS

### D.8.1 REGULAR SEASON

A 5-minute sudden victory overtime period will be played to attempt to determine a winner. There will be no flood, no rest periods and teams will not change nets.

If the outcome is still undecided, teams shall leave the ice for the standard intermission time, determined by the respective Sport Conference, to allow resurfacing of the ice. Play will then continue with 20 minute sudden victory overtime periods until a goal is scored. At the end of each 20 minute period, teams shall leave the ice for the standard intermission time to allow resurfacing of the ice.

### D.8.3 CIS CHAMPIONSHIP

#### a) Round Robin Games and Championship Final

## D.9 TIE-BREAKING

Should two or more teams in the same pool be tied in points at the end of round robin play, the following criteria shall be used to break the tie:

1. Goals For and Against Difference; if still tied
2. Goals For and Against Average; if still tied
3. Goals For; if still tied
4. Goals Against; if still tied
5. Penalty shots

1<sup>st</sup> Example:

	Standings	W	L	PF	PA	GD
Team A – 0 vs Team B – 1	Team A	1	1	4	4	0
Team A – 4 vs Team C – 3	Team B	1	1	3	6	-3
Team B – 2 vs Team C – 6	Team C	1	1	9	6	+3

Step 1 – You must first establish who is playing for Gold.

Step 2 – Three way tie in points with each team having a win and a loss, move to 1. goal differential.

Step 3 - Team C is playing for Gold with a +3 goal differential.

2nd Example:

	Standings	W	L	GF	GA	GD
Team A – 2 vs Team B – 7	Team A	1	1	6	10	-4
Team A – 4 vs Team C – 3	Team B	1	1	9	7	+2
Team B – 2 vs Team C – 5	Team C	1	1	8	6	+2

Step 1 – You must first establish who is playing for Gold.

Step 2 – Three way tie in points with each team having a win and a loss. 1. Goal differential eliminates Team A from the tie-breaker. Continue to 2. goal average.

Step 3 – Criteria 2. establishes Team B ( $9-7 = 2 \div 7 = .28$ ) Team C ( $8-6 = 2 \div 6 = .33$ ) Team C plays for Gold with a .33 average.

NOTE: It is the responsibility of the Hosts' Technical Delegate to supply information re final pool standings.

## F.5 STICK RULE

CIS will utilize a modification of the Hockey Canada stick rule with the following guidelines:

- F.5.1 stricter enforcement of holding an opponent's stick with a glove.
- F.5.2 stricter enforcement of calling hooking when an opponent is held back by the stick while attempting to back check or play the puck.
- F.5.3 stricter enforcement of calling hooking when the butt end of the stick is extended out from the player's top hand and the stick is used to hold back an opponent.

## F.6 INTERFERENCE CALLS

Body position will be critical in the calling of penalties. Interference from behind (in regards to the non-puck carrier/off side winger) will be most strictly enforced, with the visual cue being reaching with the stick to impede the progress of an opponent.

This allows players that have skated to achieve good body position, the opportunity to maintain their position, and will restrict players from interfering with others or gaining body position through the use of the stick as a hook, or to hold. Any player who attempts to check a non-puck carrying player by hooking him on the shoulder, chest, biceps, or elbow will be assessed an interference penalty.

A defencemen screening a fore checker with his stick or arms extended, to protect his defensive partner from a fore checker, will be penalized for interference. When a fore checker is between the defensive player and the puck, and the defensive player uses high stick or hands/arms to hold, restrain, or otherwise interfere with the skating motion of the fore checker, interference will automatically be called. If the defensive player can gain body position by skating to a point between the fore checker and the puck, then more tolerance for interference will be allowed, provided he doesn't employ his stick or arms to impede the progress of the fore checker once he has established his position.

NOTE: CIS is prepared to be more tolerant of physical play in the corners or along the boards, provided it does not involve stick work or checking from behind. Infractions between two players fighting for the puck are more tolerable than are infractions involving interference types of activities.

### Holding the stick.

If a player closes his hand on an opponent's stick he will receive a minor penalty. This is a non-skilled act by a player designed to eliminate a player from demonstrating his skills. This infraction most often occurs in front of the net for obvious reasons, but frequently players have also holding infraction which are deemed illegal include:

- i) offensive holding when the attacking player grabs an opponent's stick in order to fend off a check.

- ii) the off wing player or the non-puck carrier cannot be restrained by a defensive player by holding the stick.
- iii) players behind the play cannot hold an opponent's stick

Officials will always react to the grabbing or holding of another player's stick. It is easy to spot and will not be tolerated.

## F.7 ACCUMULATION OF PENALTIES

### F.7.1 Suspensions

Game suspensions are to be served immediately and consecutively in previously scheduled games.

Playoff rosters of teams shall not be frozen due to a player suspension. Each team shall be allowed to dress twenty (20) players, as declared at the start of the game. These 20 athletes shall be chosen from the team's list of 22 players declared at the start of the series.

### F.7.2 Stick related penalties

Should a player be ejected from a game for the second time in the same season for accumulation of three stick infractions in one game, the player will receive a two game suspension.

For a third occurrence, the player will receive an indefinite suspension until reviewed by the Association President or designate.

### F.7.3 Checking from behind where a 2 minute penalty was assessed

1st occurrence: game misconduct (does not count in the accumulation of penalties)

2nd occurrence: game misconduct (does not count in the accumulation of penalties)

3rd occurrence: game misconduct plus one game suspension

4th occurrence: game misconduct and indefinite suspension until reviewed by the league convener for further disciplinary action

Note: Penalties assessed under rule F.4.2. and F.7.3 would count in the accumulating of penalties for the checking from behind infraction.

9. The team designated as the visiting team will shoot first in the shoot-out. Teams will take shots alternately.
10. If still tied after 5 shooters, move to a sudden victory format (same 5 shooters in same order) until a winner is declared.
11. The initial round of 5 shooters will be completed regardless of the score in the shoot-out, as goals for and goals against will be used within the tie-breaking format.
12. 2 points will be awarded for a shoot-out win.
13. All goals for and against in the shoot-outs will be recorded to be used in a potential shoot-out tie-breaker.

14. The team with the most points (shoot-out wins/losses) shall be declared the winner.
15. In the event of a tie in points in the shoot-out, the tie-breaking protocol (Rule D.9) will be used. If teams are still tied after applying the first 4 criteria in D.9 then the shoot-out competition shall be repeated with NO carry-over from the first competition.
